Linguist Education Online

United we Grow

5th Online International Conference

June 23-24, 2022

6th Online International Conference

December, 2022 (actual dates to be confirmed)

About the conference:

Linguist Education Online’s biannual Virtual International Conference is one of the highly acclaimed online events in the industry, attracting hundreds of attendees worldwide twice a year, in June and December. You can view feedback for the most recent event [here](#). Among our attendees are hospital and court administrators, interpreters, translators, and language service companies. Part of the proceeds for the conference is donated to various industry non-profits, including such prominent names as Translators without Borders, CoPTIC America, National Association for the Deaf and Women in Localization, among others.

Our theme for 2022 is United We Grow. We grow as a profession and as individuals contributing to this profession. Our June conference will aim to explore this vital concept and talk about ways we can be more united and supportive of one another on personal and professional levels, while expanding individual careers and the field. Participants will learn from high profile experts, network with their peers, get inspired and earn CEUs. Sponsors can participate in raffles by contributing prizes to elevate their presence. For more information about the conference, [click here](#).

Option: This year we decided to offer an annual sponsorship option to our returning and new sponsors. Both conferences will have a joint theme of unity and growth of the profession carefully examined and discussed in both events. Sponsoring both summer and winter conferences will maximize your exposure and saves you 15% off the total amount when you commit to the annual sponsorship at any level. While we hope for and await the end of the pandemic in 2022, we will continue to offer LEO’s conferences virtually. Our objective is to continue growing our online event brand, expand our attendees’ makeup and grow attendance overall. At the same time, we keep our rates low for both attendees and sponsors, thus making ongoing sponsorship more attractive.

Please review the packages below and let us know if you have any questions:

About LEO:

[Linguist Education Online \(LEO\)](#) is a leading provider of interpreter and translator training and testing for healthcare, legal, educational interpreters and translators, from preparation to state certification exams to continuing education units and performance tests. In addition to individual linguists, LEO collaborates with state courts, healthcare organizations and schools to provide quality training and testing to their bilingual employees. We also work with Language Service Companies testing their applicants and helping them to maintain quality assurance for their clients. As we continue to grow, we are determined to ensure that the standards of professional language services and language access are consistently upheld by our students and customers.
